

VIRTUALIZE YOUR BOARD

Bewildered at the prospect of organizing the next meeting of your Board of Directors (managing multiple calendars, logistics, collecting, distributing and archiving documents, centralizing information)?

The time has come: virtualize your board meetings with Victrix's "**Virtual Board**" solution. This user-friendly solution will allow you to quickly **plan, organize** and **run your board meetings remotely in a completely secure environment**. Once you start using it, you'll wonder how you ever managed without it!

Hosted in a cloud computing service (and thus accessible from anywhere in the world) with **personal access rights managed by the administrator**, your Board will have its own virtual office equipped with collaborative solutions that **optimize communications** (e.g. video conferencing) and **exclusive document sharing** among board members.

Victrix's "**Virtual Board**" solution serves as an **organizational memory, data centre** and **archives** (for the notice, agenda, minutes, documents needed for the next meeting, etc.). All items can be **updated** by members when they connect to the Board's virtual office. With this solution, you can **optimize the tracking of the approvals** connected with your Board of Directors in a **secure environment that is tailored to your needs**.

To find out more, call your Victrix consultant in Montréal at 514 879-1919 or in Québec City at 418 780-8181.
