**Victrix gets involved with CRIM**

Stéphan Gariépy, Vice President - Eastern Quebec at Victrix, was appointed as administrator to the 2011-2012 Board of Directors of the Computer Research Institute of Montreal (CRIM). Victrix's involvement in a research institute that aims to develop emerging technologies and operate the transfer of state-of-the-art know-how fits perfectly with the company's constant desire to promote a culture of innovation and technological leadership.

Stéphan Gariépy has been with Victrix since 2007 and has shown openness to different environments and new technologies in the field of information technology. Recognized for his expertise and achievements in Quebec's business community, over the years he has strongly demonstrated his professionalism and leadership qualities, both in his work with other companies and organizations and within the teams he has led.
